The Zoning Inspector/Secretary may be removed by the Township Trustees for nonperformance of duty, misconduct in office or other just cause, upon written charges being filed with the Trustees, after a public hearing has been held regarding such charges. In such case, a copy of such charges shall be served on the Zoning Inspector/Secretary at least ten (10) days prior to the hearing, either personally or by registered mail. The Zoning Inspector/Secretary shall be given an opportunity to be heard and answer all such charges.

Section 3.02 Rural Zoning Commission

3.02.01 Establishment

Pursuant to Ohio Revised Code Chapter 519, there is hereby established a Rural Zoning Commission in and for Greenfield Township. Such Commission shall consist of five (5) residents of the unincorporated area of the Township as appointed by the Board of Township Trustees. The terms of tenure of the members shall be as arranged by the Trustees.

3.02.02 Removal of Members

Members of the Township Zoning Commission shall be removable for non-performance of duty, misconduct in office, or other cause by the Board of Township Trustees, after public hearing and notification, following the procedures specified for the Zoning Inspector/Secretary in Section 3.01.04 above.

3.02.03 Proceedings

The Zoning Commission shall elect a Chairperson and adopt rules necessary for the conduct of its affairs consistent with the provisions of this Resolution. Meetings shall be held at the call of the Chairperson and at such other times as deemed appropriate by the Commission, as determined by majority vote. All meetings shall be open to the public. The Commission shall keep minutes of its proceedings, showing the vote of each member upon each question or, if absent

or failing to vote, indicating such fact. Such minutes shall be public record, and shall be immediately filed in the office of the Commission. For the purpose of taking action, the concurring vote of three (3) members of the Commission shall be required.

3.02.04 Powers and Duties

For the purposes of this Resolution, the Rural Township Zoning Commission shall have the following powers and duties:

- A. Initiate amendments to this Resolution, pursuant to Article VI.
- B. Review proposed amendments to this Zoning Resolution and make recommendations to the Board of Township Trustees.

Section 3.03 Board of Zoning Appeals

3.03.01 Establishment

There is hereby established a Board of Zoning Appeals, which shall have the authority as specified in Sections 519.13 through 519.15 of the Ohio Revised Code, subject to such rules of a procedural nature as said Board may adopt and promulgate for the purposes of acting on matters properly before it.

The Board of Zoning Appeals shall consist of five (5) members appointed by the Board of Township Trustees. Every member shall be a resident of the unincorporated territory of Greenfield Township, Fairfield County, Ohio. The terms of members shall be of such length and so arranged that the term of one member shall expire each year; however, each member shall serve until his/her successor is appointed. Vacancies shall be filled by resolution of the Board of Township Trustees for the unexpired term of the member affected.

3.03.02 Removal of Members

Members of the Board of Zoning Appeals shall be removable for non-performance of duty, misconduct in office, or other cause by the Board of Township Trustees, after public hearing and notification, following the procedures specified for the Zoning Inspector/Secretary in Section 3.01.04 above.

3.03.03 Proceedings

The Board shall organize annually and elect a Chairperson. Meetings of the Board shall be held at the call of the Chairperson, and at other such times as the Board shall determine. The Board shall adopt, from time to time, such rules and

regulations as it may deem necessary to implement the provisions of this Zoning Resolution. All meetings of the Board shall be open to the public.

The Zoning Inspector/Secretary shall keep minutes of its proceedings, showing the vote of each member upon each question; or, if absent or failing to vote, indicating such fact; and shall keep records of its examinations and other official action, all of which shall be a public record and immediately filed in the Township offices.

The Board shall have the power to subpoena witnesses, administer oaths and may require the production of documents, under such rules as it may establish.

3.03.04 Powers and Duties

In exercising its duties, the Board may, as long as such action is in conformity with the terms of this Resolution, reverse or affirm, wholly or partly, or modify the order, requirement, decision, or determination appealed from and may make such order, decision, or determination as ought to be made, and to that end shall have the powers of the Zoning Inspector/Secretary from whom the appeal is taken. The concurring vote of three (3) members of the Board shall be necessary to reverse any order, decision, or determination of the Zoning Inspector/Secretary, or to decide in favor of the applicant on any matter upon which it is required to pass under this Resolution or to effect any variation in the application of this Resolution. For the purpose of this Resolution, the Board has the following specific responsibilities:

- A. Hear and decide appeals where it is alleged there is an error in any order, requirement, decision or determination made by the Zoning Inspector/Secretary, in accordance with Article VII of this Resolution.
- B. Authorize such variances from the terms of this Resolution as will not be contrary to the public interest, where, owing to special conditions of the land, a literal enforcement of this Resolution will result in unnecessary hardship in accordance with the provisions of Article VIII of the Resolution.
- C. Interpret the boundaries of the Official Zoning Map, in accordance with the provisions of this Resolution.
- D. Permit conditional uses as specified in the Official Schedule of District Regulations and under the conditions specified in Article IX of this Resolution, and such additional safeguards as will uphold the intent of the Resolution.

- E. Authorize the substitution or extension of nonconforming uses, as specified in Article V of this Resolution.
- F. Authorize extensions of time for completion of work specified in zoning certificate, in accordance with Section 4.06 of this Resolution.
- G. Declare zoning permits void, pursuant to Section 4.09 of this Resolution.

Section 3.04

Powers of Zoning Inspector/Secretary, Board of Zoning Appeals, and Board of Township Trustees on Matters of Appeal

It is the intent of this Resolution that all questions of interpretation and enforcement shall first be presented to the Zoning Inspector/Secretary. Such questions shall be presented to the Board of Zoning Appeals only on appeal from the decision of the Zoning Inspector/Secretary, and recourse from the decisions of the Board of Zoning Appeals shall be only to the courts as provided by law. It is further the intent of this Resolution that the powers of the Board of Township Trustees in connection with this Resolution shall not include hearing and deciding questions of interpretation and enforcement that may arise. The Board of Township Trustees shall not have the authority to override the decisions of the Board of Zoning Appeals and/or the Building and Zoning Inspector/Secretary on matters of appeal or variance. Nonetheless, nothing in this Resolution shall be interpreted to prevent any official of the Township from appealing a decision of the Board of Zoning Appeals to the courts pursuant to Chapters 2505 and 2506 of the Ohio Revised Code. Such appeal shall be made within ten (10) days of the Board's written decision.

ARTICLE IV

ENFORCEMENT AND PENALTY

Section 4.01 Zoning Certificate Required

It shall be unlawful for any owner or other person to use or to permit the use of any non-agricultural structure, building or land, or part thereof, hereafter constructed, created, erected, changed, structurally altered, converted or enlarged until a zoning certificate shall have been issued by the Zoning Inspector/Secretary. Such zoning certificate shall show that such building or premises or a part thereof, and the property use thereof, are in conformity with the provisions of this Resolution. No such certificate shall be issued by the Zoning Inspector/Secretary until the requirements of this Resolution have been met.

A zoning certificate is required for any of the following subject to the limitations of section 519.211 of the Ohio Revised Code:

- A. Construction, structural alteration or enlargement of any non-agricultural building or structure, including accessory buildings.
- B. Change in use of an existing building or accessory building, except agricultural uses, to a use not listed as a permitted use in the zoning district where the building is located.
- C. Occupancy and use, excepting agricultural use, of vacant land.
- D. Change in the use of land to a use not listed as a permitted use in the zoning district where the land is located.
- E. Any alteration, expansion or other change of a lawful nonconforming use as regulated by Article V.

Section 4.02 Application for Zoning Certificate

Three (3) copies of an application for a zoning certificate shall be signed by the owner or applicant attesting to the truth and exactness of all information supplied on the application. At a minimum, the application shall contain the following information:

- A. Name, address, and telephone number of the applicant.
- B. Legal description of property, as recorded in Fairfield County Recorder's office.
- C. Existing use.
- D. Proposed use.

- E. Zoning district in which property is presently located.
- F. Plans in triplicate drawn to approximate scale, showing the actual dimensions and shape of the lot to be built upon; the exact dimensions and location of existing buildings of the lot, if any; and the location and dimensions of the proposed building(s) or alteration.
- G. Height of proposed structure. If the property is located within the flight path of a public airport, the applicant shall demonstrate that the height of the proposed structure does not constitute a hazard to the safe landing or takeoff from that airport.
- H. Number of proposed dwelling units.
- I. A written approval issued by the Fairfield County Health Department of the proposed method of water supply and for disposal of sanitary wastes shall be submitted with the Zoning Application prior to approval by the Zoning Inspector/Secretary.
- J. A written permit/approval issued by the Greenfield Township Water and Sewer District of the method of water supply and for disposal of sanitary wastes shall be submitted with the Zoning Application prior to approval by the Zoning Inspector/Secretary. If the Greenfield Township Water and Sewer District is unable to provide water and/or sanitary services for any reason, the applicant must submit a written letter from the District indicating which service, or both, that it cannot provide, as well as a written approval issued from the Fairfield County Health Department of the proposed method of water supply and for disposal of sanitary wastes.

Where complete and accurate information is not readily available from existing records, the Zoning Inspector/Secretary may require the applicant to furnish a survey of the lot by a registered surveyor. In particular cases, the Zoning Inspector/Secretary may reduce the submittal requirements for an application, when the proposed action warrants.

Section 4.03 Approval of Zoning Certificates

Within thirty (30) days after the receipt, the application shall be either approved or disapproved by the Zoning Inspector/Secretary, in conformance with the provisions of this Resolution, unless the provisions of Section 4.04 are applicable. Zoning certificates issued on the basis of plans and applications approved by the Zoning Inspector/Secretary shall authorize only the use and arrangement as set forth in such approved application. All zoning certificates shall be conditional upon the commencement of work within six (6) months. One (1) copy of the application shall be returned to the applicant by the Zoning Inspector/Secretary, after such copy is marked as either approved or disapproved and attested to same by the signature of the Zoning Inspector/Secretary, or

his/her designated agent on such copy. In the case of disapproval, the Zoning Inspector/Secretary shall state on the returned plans the specific reasons for disapproval. Two (2) copies of plans, similarly marked, shall be retained by the Zoning Inspector/Secretary. One (1) copy retained by the Zoning Inspector/Secretary shall be forwarded to the County Auditor upon issuance of a certificate of zoning compliance along with one (1) copy of the application.

Section 4.04 Submission to the Director of the Department of Transportation

Before any zoning certificate is issued affecting any land within 300 feet of the centerline of a proposed new highway or a highway for which changes are proposed as described in the certification to local officials by the Director of the Department of Transportation, or any land within a radius of 500 feet from the point of intersection of said centerline with any public road or highway, the Zoning Inspector/Secretary shall give notice, by registered or certified mail to the Director of the Department of Transportation. The Zoning Inspector/Secretary shall not issue a zoning certificate for 120 days from the date the notice is delivered to the Director of the Department of Transportation. If the Director of the Department of Transportation notifies the Zoning Inspector/Secretary that he shall proceed to acquire the land needed, then the Zoning Inspector/Secretary shall refuse to issue the Zoning Certificate. If the Director of the Department of Transportation notifies the Zoning Inspector/Secretary that acquisition at this time is not in the public interest, or if notification of action is not received by the Zoning Inspector/Secretary, the Zoning Inspector/Secretary shall, if the application is in conformance with all provision of this Resolution, issue the zoning certificate.

Section 4.05 Record of Zoning Certificates

A record of all zoning certificates shall be kept on file in the Office of the Zoning Inspector/Secretary, or his/her designated agent, and copies shall be furnished upon request to any person(s).

Section 4.06 Expiration of Zoning Certificates

If the work described in any zoning certificate has not begun within six (6) months from the date of issuance thereof, or has not been completed within two (2) years from the date of issuance thereof, said certificate shall expire; it shall be revoked by the Zoning Inspector/Secretary, and written notice thereof shall be given to the persons affected, together with notice that further work as described in the expired permit shall not proceed unless and until a new zoning certificate has been obtained or extension granted by the Board of Zoning Appeals.

Section 4.07 Certificate of Zoning Compliance

It shall be unlawful to use or occupy, or permit the use or occupancy of any building or premises hereafter created, erected, changed, converted, or wholly or partly altered or enlarged in its use or structure until a certificate of zoning compliance shall have been issued therefore by the Zoning Inspector/Secretary, stating that the proposed use of the building or land, as completed,

conforms to the requirements of this Resolution. Such certificate of zoning compliance may be processed as an indication of final approval on the zoning certificate.

Section 4.08 Schedule of Fees, Charges and Expenses

The Board of Township Trustees shall establish, by separate Resolution, a schedule of fees, charges, and expenses and a collection procedure for zoning permits, certificates of zoning compliance, appeals, and other matters pertaining to this Resolution. The schedule of fees shall be posted in the Township Offices, and may be altered or amended only by the Board of Township Trustees. Until all applicable fees, charges, and expenses have been paid in full, no action shall be taken on any application.

Section 4.09 Void Zoning Certificate

A zoning certificate shall be void if any of the following conditions exist:

- A. The zoning certificate was issued contrary to the provisions of this Resolution by the Zoning Inspector/Secretary.
- B. The zoning certificate was issued based upon a false statement by the applicant.
- C. The zoning certificate has been assigned or transferred.

When a zoning certificate has been declared void for any of the above reasons by the Board of Zoning Appeals pursuant to this Resolution, written notice of its revocation shall be given by certified mail to applicant, and sent to the address as it appears on the application. Such notices shall also include a statement that all work upon or use of the building, structure, or land cease unless, and until, a new zoning certificate has been issued.

Section 4.10 Violation and Penalty

4.10.01 Construction and Use to be as Provided in Applications, Plans, Permits, and Certificates

Zoning certificates or certificates of occupancy issued on the basis of plans and applications approved by the Zoning Inspector/Secretary authorize only the use, and arrangement set forth in such approved plans and applications or amendments thereto. Any use, arrangement, or construction not in conformance with that authorized shall be deemed a violation of this Resolution, and punishable as provided in Section 4.10.03.

4.10.02 Complaints Regarding Violations

Whenever a violation of this Resolution occurs, or is alleged to have occurred, any person may file a written complaint. Such complaint shall state fully the causes and basis thereof, and shall be filed with the Zoning Inspector/Secretary. The Zoning Inspector/Secretary shall record properly such complaint, immediately investigate, and take such appropriate action thereon as may be necessary and provided for by this Resolution.

4.10.03 Penalties for Violation

Violation of the provisions of this Resolution or failure to comply with any of its requirements (including violations of conditions and safeguards established in various sections of this Resolution) shall constitute a misdemeanor. Any person who violates this Resolution or fails to comply with any of its requirements shall upon conviction thereof be fined not more than \$500.00, or as permitted under Section 519.99 Ohio Revised Code and, in addition shall pay all costs and expenses involved in the case. Each day such violation continues, after receipt of violation notice, shall be considered a separate offense. The owner or tenant of any building, structure, premises, or part thereof, and any architect, builder, contractor, agent, or other person, who commits, participates in, assists in, or maintains such violation may each be found guilty of a separate offense and suffer the penalties herein provided. Nothing herein contained shall prevent the Township, the County Prosecutor, or any adjacent property owner from taking such other lawful action as is necessary to prevent or remedy any violations.

ARTICLE V

NONCONFORMITIES

Section 5.01 Intent

Within the districts established by this Resolution, or amendments hereinafter adopted, there may exist lots, structures, uses of land and structures which were lawful before this Resolution was passed or amended, but which would be prohibited, regulated or restricted under the terms of this Resolution or future amendments. It is the intent of this Resolution to permit these nonconformities to continue until they are removed and to permit reasonable extensions and improvements as allowed by law.

Section 5.02 When Permitted

5.02.01 Existing Land or Buildings

Any use of land or buildings existing on the effective date of this Resolution may be continued, even though such use does not conform to the provisions herein, so long as such use was in conformity with the zoning resolution in effect in the Township at the time that the use or structure was established. No nonconforming building, structure, or use shall be moved, extended, enlarged, reconstructed, or structurally altered, except as specifically provided in this Resolution.

5.02.02 Construction Commenced

Any property purchased or acquired in good faith for any nonconforming use prior to the adoption of this Resolution, upon which property the work of changing, remodeling or construction of such nonconforming use has been legally commenced at the time of adoption of this Resolution, may be used for the nonconforming use for which such changing, remodeling or construction was undertaken, provided that such work is completed within one (1) year from the date of adoption of this Resolution or amendment thereto making said use nonconforming.

Section 5.03 Discontinuance

A nonconforming use which has been discontinued or abandoned shall not thereafter be returned to a nonconforming use. A nonconforming use shall be considered abandoned whenever any one of the following conditions exist:

- A. When the use has been voluntarily discontinued for a period of two (2) years.
- B. When the nonconforming use has been replaced by a conforming use.

Section 5.04 Substitution

The Board of Zoning Appeals may allow the nonconforming use of a building or structure to be changed to another nonconforming use of the same or of a more restricted classification. However, in any residential district, no change shall be authorized by the Board of Zoning Appeals to any use which is not a permitted or conditional use in any "R" District.

Section 5.05 Extension

No nonconforming use or structure shall be enlarged, extended, reconstructed, or structurally altered, except as follows:

- A. The Board of Zoning Appeals may permit, on a once-only basis, a building containing a nonconforming use to be enlarged to an extent not exceeding fifty percent (50%) of the ground floor area of the existing building or structure devoted to a nonconforming use at the time of enactment of this Resolution or at the time of its amendment making the use nonconforming. The Board shall not authorize an extension which would result in a violation of provisions of this Resolution with respect to any adjoining premises, or which would occupy ground space required for meeting the yard or other requirements of this Resolution.
- B. No nonconforming building or structure shall be moved in whole or in part to any other location unless such building or structure and the yard and other open spaces provided are made to conform to all of the regulations of the district in which such building or structure is to be located.
- C. Any residential structure which is nonconforming due to the fact of its being in a non-residential zoning district may be enlarged, extended, reconstructed or structurally altered provided it meets the requirements of the adjacent or most proximate R-District.
- D. Any structure which is nonconforming due to its location or configuration on the lot, resulting in lot coverage or yards inconsistent with the requirements of

the zoning district where it is located, may be enlarged, extended or structurally altered in a manner that decreases or maintains its existing degree of nonconformity, but in no case shall such structure be enlarged, extended or structurally altered in a manner that increases its degree of nonconformity.

Section 5.06 Damage and/or Destruction of a Nonconforming Building or Use

When a building or structure, the use of which does not conform to the provisions of this Resolution, is damaged by fire, explosion, act of God, or the public enemy, it may be restored or rebuilt and continued in such nonconforming use, provided that the restoration or rebuilding is commenced within six (6) months of the time of damage, that construction is completed within twenty-four (24) months, and that such restoration or rebuilding would not extend or expand the existing use beyond the parameters specified in Section 5.05.

Section 5.07 Maintenance and Repair

Nothing in this Article shall be deemed to prevent normal maintenance and repair of a building or structure containing a nonconforming use. Structural alterations may be made to a building or structure containing a nonconforming use as follows:

- A. When required by law.
- B. To convert to a conforming use.
- C. To improve interior livability. However, no structural alterations shall be made which exceed the area or height requirements or which would extend into any yard required in the district in which such building is located.

Section 5.08 Nonconforming Lots of Record

In any district where dwellings are permitted, one (1) single-family detached dwelling may be erected on any lot of official record on the effective date of this Resolution, even though such lot does not meet the development standards of the district in which it is located, provided such lot receives the approval of the Fairfield County Board of Health, and further provided that the owner of such lot does not own adjacent property and did not own such property at the time this Resolution became effective.

If the owner(s) of such lot owns adjacent property, or owned such property at the time this Resolution became effective, then the owner(s) shall re-divide such property to provide for the lot area and width requirements of the district in which the lot is located. However, if the width of the lots resulting from such re-division would exceed the required lot width in the district by more than twenty percent (20%), such re-division may be made so as to provide one (1) more lot than would otherwise be permitted.

If development of a nonconforming lot occurs consistent with the provisions above, the structure shall be located on the lot in such a manner that the resulting front, side and rear yards are as close as possible to the setbacks established in this Resolution for the district in which it is located. In no case, however, shall side yards be less than five feet (5'), rear yards be less than fifteen feet (15') and front yards be less than sixty feet (60') from the centerline of the roadway on which the lot has frontage.

ARTICLE VI

DISTRICT CHANGES AND AMENDMENTS

Section 6.01 Intent

This Article describes the procedures to be followed for amendment of the Zoning Resolution. If and to the extent that the provisions of this Article are inconsistent with the provisions of Section 519.12 of the Ohio Revised Code, as may be subsequently amended, the provisions of the Ohio Revised Code shall govern.

Section 6.02 Initiation of Zoning Amendments

Amendments to this Resolution may be initiated in one of the following ways:

- B. By the adoption of a motion by the Zoning Commission submitting the proposed amendment to the Board of Township Trustees.
- C. By the filing of an application by at least one (1) owner or lessee of property, or his/her designated agent, within the area proposed or affected by the said amendment.

Section 6.03 Contents of Application

- F. A list of all property owners within the 200 feet, contiguous to, and directly across the street from the parcel(s) proposed to be rezoned and their address as appearing on the Fairfield County Auditor's current tax list. The requirement

for addresses may be waived when more than ten (10) parcels are proposed to be rezoned.

- G. A statement as to how the proposed amendment will impact adjacent and proximate properties.
- H. Any other information as may be requested by the Zoning Inspector/Secretary to determine conformance with, and provide for enforcement of this Zoning Resolution.
- I. A fee as established by the Board of Township Trustees.

Upon receipt of the application, the Zoning Inspector/Secretary shall review it for completeness. If the above requirements are met, the Zoning Inspector/Secretary shall transmit the application to the Zoning Commission. The date of such transmittal shall be considered the date of filing. If the application is incomplete, the Zoning Inspector/Secretary shall return it to the applicant with a listing of deficiencies.

Section 6.04 Submission to Regional Planning Commission

Within five (5) days after the adoption of a motion by the Commission, transmittal of a resolution by the Board of Township Trustees, or the filing of an application pursuant to Section 6.03 above, the Zoning Commission shall transmit a copy of such motion, resolution or application, together with the text and map pertaining to the case in question, to the Fairfield County Regional Planning Commission. The Fairfield County Regional Planning Commission may recommend the approval or denial of the proposed amendment, or some modification thereof, and shall submit such recommendation to the Township Zoning Commission. Such recommendation shall be considered at the public hearing held by the Zoning Commission, pursuant to Section 6.05 below.

Section 6.05 Public Hearing by Zoning Commission

6.05.01 Date of Public Hearing

Said hearing shall be held not less than twenty (20) nor more than forty (40) days from the date of adoption of such motion, transmittal of such resolution, or filing of such application.

6.05.02 Notice of Public Hearing in Newspaper

Before holding the public hearing as required, notice of such hearing shall be given by the Township Zoning Commission in at least one (1) newspaper of general circulation in the Township at least ten (10) days before the date of such hearing. The notice shall set forth the following information:

- h. Any other information requested by the zoning commission.
- i. A statement that after the conclusion of such hearing, the matter will be referred to the Board of Township Trustees for further determination.

If the proposed amendment intends to rezone or redistrict ten (10) or less parcels of land, as listed on the tax duplicate, written notice of such hearing shall be mailed by the Zoning Commission, by first class mail, at least twenty (20) days before the date of the hearing, to all owners of property within, contiguous to and directly across the thoroughfare from such area proposed to be rezoned or redistricted. Such notices shall be mailed to the addresses of the owners appearing on the Fairfield County Auditor's current tax list, as provided by the applicant in Section 6.03 (F) above. The failure to deliver such notices shall not invalidate any such amendment. The notices shall contain the same information as required of notices published in newspapers as specified in Section 6.05.02 above.

Section 6.06 Recommendation by Zoning Commission

Within thirty (30) days after the hearing required in Section 6.05 above, the Zoning Commission shall recommend to the Board of Township Trustees that the amendment be granted as requested, or it may recommend a modification of the amendment requested, or it may recommend that the amendment be denied.

Section 6.07 Public Hearing by the Board of Township Trustees

Within thirty (30) days from receipt of the recommendation of the Zoning Commission, the Board of Township Trustees shall hold a public hearing. Notice of such hearing shall be as specified in Section 6.05 above.

Section 6.08 Action by the Board of Township Trustees

In the event the Board of Township Trustees denies or modifies the recommendation of the Zoning Commission, the unanimous vote of the Board of Township Trustees is required.

Section 6.09 Criteria

In reviewing the proposed amendment and arriving at its decision, the Board of Township Trustees shall consider the following factors:

- A. Compatibility of the proposed amendment with the zoning and use of adjacent land, and with any land use or comprehensive plans adopted by the Township.

- C. The effect of the adoption of the proposed amendment upon the public health, safety and general welfare of the adjacent properties and other residents of the Township.

Section 6.10 Effective Date and Referendum

Such amendment adopted by the Board of Township Trustees shall become effective thirty (30) days after the date of adoption, unless within that thirty (30) days there is presented to the Board of Township Trustees a petition, signed by a number of qualified voters residing in the unincorporated area of the Township or part thereof included in the zoning plan, equal to eight percent (8%) of the total vote cast for all candidates for Governor in such area at the most recent election in which a Governor was elected, requesting the Board of Township Trustees to submit the proposed amendment to the electors of such area, for approval or rejection, at the next primary or general election.

No amendment for which such referendum vote has been requested shall be put into effect unless a majority of the votes cast on the issue is in favor of the amendment. Upon certification by the Board of Elections that the amendment has been approved by the voters, it shall take effect immediately.

ARTICLE VII

APPEALS

Section 7.01 Appeals

Any official action of the Zoning Inspector/Secretary may be appealed by any person aggrieved, or by any officer of the Township affected by the decision of the Zoning Inspector/Secretary. The procedures to be followed shall be as specified in Sections 519.14 through 519.15 of the Ohio Revised Code, as may be amended.

Section 7.02 Notice of Appeal

A notice of appeal may be filed with the Clerk of the Township by any person aggrieved including a tenant, or by a governmental officer, department, board, or bureau. Such appeal shall be taken within twenty (20) days after the date of the decision, and shall be in writing, signed by the appellant, specifying the grounds of the appeal. A copy of the action by the Zoning Inspector/Secretary shall be attached to the notice of appeal. Within five (5) days from the date of receipt of such appeal, the Clerk of the Township shall transmit said notice to the Board of Zoning Appeals.

Section 7.03 Action by the Board of Zoning Appeals

Upon receipt of the notice of appeal, the Board of Zoning Appeals shall fix a reasonable time for the appeal, give ten (10) days notice in writing to parties in interest, give notice of such public hearing by one (1) publication in one (1) or more newspapers of general circulation in Fairfield County at least ten (10) days before the date of such hearing, and decide the appeal within a reasonable time after it is submitted. Upon the hearing, any person may appear in person or by attorney.

ARTICLE VIII

VARIANCES

Section 8.01 Powers of the Board of Zoning Appeals

The Board of Zoning Appeals shall have the power to authorize, in specific cases, such variances from the provisions of this Resolution as will not be contrary to the public interest. Such variances shall be granted only in cases of special conditions, involving physical conditions of the land, whereby strict application of such provisions or requirements would result in *practical difficulty* and *unnecessary hardship* that would deprive the owner of the reasonable use of the land and buildings involved. No variance from strict application of any provision of this Resolution shall be granted by the Board unless it finds that all the following facts and conditions exist:

- A. That there are unique physical circumstances or conditions, such as irregularity, narrowness or shallowness of lot size or shape or exceptional topographical or other physical conditions specific to the land or building for which the variance is sought, and such conditions do not apply generally to land or buildings in the neighborhood or district in which the property is located.
- B. That, because of such physical conditions, there is no possibility that the property can be developed in strict conformity with the provisions of the Zoning Resolution and that the authorization of a variance is therefore necessary to enable the reasonable use of the property.
- C. That such necessary hardship has not been created by the applicant.
- D. That the variance, if authorized, will represent the mini-mum variance that will afford relief and will represent the least modification possible of the regulation in issue.

Under no circumstance shall the Board of Zoning Appeals grant a variance to allow a use not permissible under the terms of this Resolution in the district involved, or any use expressly or by implication prohibited by the terms of this Resolution in said district.

Section 8.02 Application for Variance

Any owner, or his/her agent, may file an application to obtain a variance or appeal from the decision of the Zoning Inspector/Secretary. An application for a variance shall be filed in triplicate with the Clerk of the Township. The Clerk shall forward such application to the Secretary of the Board of Zoning Appeals, within five (5) days from receipt of the completed application.

CONDITIONAL USES

Section 9.01 Authority and Purpose

Under some unusual circumstances, a use of property which typically affects an area more intensely than those uses permitted in the zoning district in which it is located may nonetheless be desirable and compatible with permitted uses, if that use is properly controlled and regulated. Such uses shall be listed as “conditional uses” within the respective zoning districts.

The Board of Zoning Appeals may grant conditional approval for use of the land, buildings, or other structures and may allow such a use to be established where unusual circumstances exist and where the conditional use will be consistent with the general purpose and intent of this Zoning Resolution.

Section 9.02 Application for Conditional Use

Any person owning or having an interest in property may file an application to use such property for one of the conditional uses provided for by this Resolution in the zoning district in which the property is situated. - F. A narrative statement evaluating the effects on adjoining property; the effect of such elements as noise, glare, odor, light, fumes and vibration on adjoining property; and a discussion of the general compatibility with adjacent and other properties in the district.

The applicant shall also provide the addresses of all property within the above referenced boundaries.
- H. Such other information regarding the property, proposed use, or surrounding area as may be pertinent to the deliberations of the Board.

Section 9.03 General Standards for Conditional Uses

The Board of Zoning Appeals shall not approve a conditional use unless it shall, in each specific case, make specific findings of fact directly based on the particular evidence presented to it, that support conclusions that such use at the proposed location shall meet all of the following requirements:

- A. Will be consistent with the general objectives, or with any specific objective or purpose, of this Zoning Resolution.
- B. Will be harmonious with the existing or intended character of the general vicinity and that such use will not change the essential character of the same area.
- C. Will be served adequately by essential public facilities and services such as highways, streets, police and fire protection, drainage structures, refuse disposal, water and sewers, and schools.
- D. Will not involve uses, activities, processes, materials, equipment and conditions of operation that will be detrimental to any persons, property, or the general welfare by reason of excessive production of traffic, noise, smoke, fumes, glare or odors.
- E. Will have vehicular approaches to the property which shall be so designated as not to create in interference with traffic on surrounding public streets or roads.

If the application is approved with supplementary conditions, the Board shall direct the Zoning Inspector/Secretary to issue a zoning certificate listing the specific conditions listed by the Board for approval. If the application is disapproved, the applicant may seek relief through the Court of Common Pleas.

Section 9.07 Expiration and Revocation of Zoning Certificate Issued Under Conditional Use Provisions

The approval of the zoning certificate issued in accordance with Section 9.06 shall become null and void if such use is not carried out within one (1) year after date of approval. Regulations pertaining to the use of land and/or structures and the physical development thereof within each of the zoning districts as established in Article XII, are hereby established and adopted.

Section 11.02 Rules of Application

11.02.01 Identification of Uses

Listed uses are to be defined by their customary name or identification, except as specifically defined or limited in this Resolution.

11.02.02 Permitted Uses

- A. Only a use designated as permitted shall be allowed as a matter of right in any zoning district, and any use not so designated shall be prohibited unless:
 - 1. A permitted use may be added to a zoning district by formal amendment, in conformance with Article VI of this Resolution.
 - 2. An unlisted use may be determined by the Board of Zoning Appeals to be a similar use, in accordance with Section 11.02.05 of this Article.
- B. No more than one (1) permitted use shall exist on any one zoning lot.

11.02.03 Accessory Uses

An accessory use or structure is a subordinate use or structure clearly incidental and secondary to the principal permitted building or use, and located on the same lot with such principal building or use. Accessory uses or structures shall be allowed in accordance with the specific district regulations and the requirements of Article XXVI of this Resolution.

11.02.04 Conditional Uses

A use designated as a conditional use shall be allowed in the zoning district where the designation occurs, when such use, its location, extent and method of development will not substantially alter the character of the vicinity, or unduly interfere with or adversely impact the use of adjacent lots. To this end, the Board of Zoning Appeals shall, in addition to the development standards for the specific

district, set forth additional requirements as will render the conditional use compatible with existing and future use of adjacent lots in the vicinity, in accordance with Article IX of this Resolution.

11.02.05 Similar Uses

Determination as to whether a use is similar to uses permitted by right shall be considered as an expansion of use regulations of the district and not as a variance applying to a particular situation. Any use found similar shall thereafter be considered as a permitted use in that district.

Applications for zoning permits for uses not specifically listed in the permitted building or use classifications of the zoning district, which the applicant feels qualify as a similar use under the provisions of this Section, shall be submitted to the Board of Zoning Appeals.

Within thirty (30) days after such submittal, the Board of Zoning Appeals shall determine whether the requested use is similar to those uses permitted in the specific district. In order to find that a use is similar, the Board shall find that all of the following conditions exist:

- A. Such use is not listed as a permitted or conditional use in another zoning district.
- B. Such use conforms to basic characteristics of the classification to which it is to be added and is more appropriate to it than to any other classification.
- C. Such use creates no danger to health and safety, creates no offensive noise, vibration, dust, heat, smoke, odor, glare, or other objectionable influences, and does not create traffic congestion to an extent greater than normally resulting from uses listed in the classification to which it is to be added.

11.02.06 Development Standards

Development standards set forth shall be the minimum allowed for uses permitted in that district. If development standards are in conflict with requirements of any other lawfully adopted rule, regulation, or law, the most restrictive standard shall govern.

11.02.07 Development Plan

For particular uses in specific districts, a *Development Plan* will be cited as required. In such cases, the Development Plan shall be submitted by the applicant at the time of the application for a zoning certificate. The Development Plan shall contain a site plan for the property, drawn to scale, showing all property lines and building outlines, access drives, parking areas, and other notable physical features. The Development Plan shall also show the size, design, materials and location of all signage proposed for the development. The Development Plan shall contain a narrative description of the proposed use and how such use will impact adjacent residential property.

The Development Plan shall be reviewed by the Zoning Commission and must be approved as a condition for the issuance of a zoning certificate. In approving a Development Plan, the Zoning Commission shall find that the following criteria have been met:

- A. The proposed building or use shall have sufficient yard space to provide for adequate parking and screening of adjacent residential areas in accordance with this Article.
- B. The Development Plan for the proposed facility has incorporated measures to lessen and/or alleviate adverse impacts on adjacent residential areas and to protect the residential character of such areas.
